---

## PROFESSIONAL SUMMARY

Final-year BSc Information Technology student at North-West University with hands-on programming experience in C#, C++, Java and Python, and a solid grounding in database concepts. Enthusiastic about solving technical problems, continuously learning new languages and tools, and building personal projects. Seeking an opportunity to apply and grow these skills in a professional software development environment.

## TECHNICAL SKILLS

**Programming Languages:** C#, C++, Java, Python

**Databases:** Database design, querying and management (SQL)

**Core Areas:** Object-oriented programming, problem solving, software development fundamentals

**Ways of Working:** Self-directed learning, personal coding projects, open-source contribution

## EDUCATION

**Bachelor of Science in Information Technology**

North-West University • Final Year, expected 2026

## CERTIFICATIONS

- Introduction to Cybersecurity — Online Course
- Introduction to Cryptography — Online Course

## INTERESTS

- Coding and solving technical problems
- Learning new programming languages
- Working on personal projects and contributing to open-source
